TASKI® swingo® 755B/BMS

Battery-powered 17 in. (43 cm) auto scrubber

The TASKI® swingo® 755 B/BMS is a walk behind, 17 in. (43 cm) auto scrubber that offers maximum agility in confined areas with a dual-axle system that allows the machine to literally turn on the spot.

Features & Benefits

- The dual axle system allows for excellent maneuverability in tightly congested areas
- The 11 gallon tank reduces the time consuming tank filling stops during cleaning operation
- The machine's patented brush follows the floor profile and delivers nearly even pressure allocation along the full working width, yielding excellent soil removal
- All components needing frequent maintenance are color coded in yellow and can be easily removed without tools
- The use of high tech material and long life components enhance the machine's uptime while reducing service and repair costs
- The machine's dashboard is virtually self-explanatory with easy to interpret images allowing trouble-free operation
- The need for minimal operator training increases productivity and end-user safety

Applications

- Ideal for Building Service Contractors for use in schools, hospitals and retail stores

The TASKI logo consists of the word "TASKI" in a bold, white, sans-serif font, centered within a solid orange square.
