

TASKI® swingo® 2500

Battery powered 28-inch (70-cm) ride-on auto scrubber

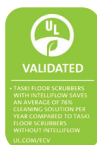

The TASKI® swingo® 2500 is a large ride-on auto scrubber featuring easy handling even in narrow, congested areas.

Features & Benefits

- Attain 40% more productivity compared to walk-behind auto scrubbers from high 5 mph (8 km/h) cleaning speed combined with patented IntelliFlow™ system
- Exceptional ride-on maneuverability even in narrow, congested areas with patented all-wheel steering system
- Gain immediate drying and consistent cleaning results from innovative squeegee design that delivers edge-to-edge water pick-up, even through curves
- Perform day cleaning with quiet performance, comparable to the noise level of a vacuum cleaner
- Enjoy reliable, comfortable performance from robust construction with fewer mechanical parts and seated operating position
- Quick machine preparation and easy maintenance are achievable through a simple design that includes exchangeable brushes and squeegee blades

Applications

- Ideal for use in narrow, congested areas like elevators or aisles.
- Can be used in areas such as airports, retail stores, etc.

TASKI® swingo® 2500

Battery powered 28-inch (70-cm) ride-on auto scrubber

Description of Features

IntelliFlow™: The TASKI IntelliFlow system allows for a speed dependent supply of cleaning solution. This feature ensures that the amount of solution dosed onto the floor is always constant—no matter how fast the machine is operating. This innovative system yields no puddles in curves or turns and a 30-50% savings in cleaning solution, leading to significantly increased productivity of the machine.

IntelliDose™: The TASKI IntelliDose is a chemical dilution system that will help you to achieve consistently high cleaning results, control your cost and simplify your machine operation to avoid overdosing.

Technical data			
Theoretical performance	56,510 ft. 2/h (5,250 m ² /h)	Battery run time (nominal)	3–5 h
Working width	28 in. (70 cm)	Machine weight ready for use (w/o driver)	1,235 lbs. (560 kg)
Squeegee width	37 in. (93 cm)	Dimensions (L x W x H) (w/o squeegee)	67 x 31 x 54 in. (169 x 78 x 137 cm)
Solution tank-bag system (nominal)	25 gal. (95 L)	Brush pressure (maximum)	115-163 lbs. (52-74 kg)
Recovery tank-bag system (nominal)	25 gal. (95 L)	Cleaning speed	5 mph (8 km/h)
Rated voltage	24 V	Transportation speed	6 mph (9.0 km/h)
Nominal consumption	2,000 W	Sound level	67 dB(A)
Battery capacity (max)	240–290 Ah/C5	Turning circle	7 ft. (2 m)
