

Bravo™ 1500+

UHS Floor Stripper

Specially formulated to effectively and consistently remove the routine build-up of toughened finishes.

Features & Benefits

- Quickly penetrates and emulsifies floor finish resulting in improved stripping performance and requiring less labor to strip floor
- Low foam formula results in less time emptying recovery tanks

Applications

- Designed for floor finish removal on VCT, terrazzo, and concrete flooring
- Not intended for use on wood, linoleum, rubber, marble, painted surfaces, or on surface colored and acid dyed concrete floors as this product may harm these surfaces
- Test for softening or color bleeding on asphalt floors before using

Bravo™ 1500+

UHS Floor Stripper

Use Instructions

- Use appropriate personal protective equipment
- Dilute product as follows:

Light Build-up of Floor Finishes: Dilute product between 1:8 (16 fl. oz. / gal.) with cold water

Heavy Build-up of Floor Finishes: Dilute product between 1:4 (32 fl. oz. / gal.) and 1:6 (24 fl. oz. / gal.) with cold water

- Blockade areas to be stripped. Floors will become very slippery when stripper is applied. Exercise Caution.
- Apply liberal amounts of solution to uniformly to floor with a mop. Start with the edges to give them more soak time. If splashing occurs, wipe off surfaces with clean rag dampened with water.
- Let stripper solution soak in for 10-15 minutes. Mop agitate to loosen finish or sealer. Re-wet as necessary, do not allow stripper to dry on floor. Longer soak times may be necessary in cases of extreme build up.
- Hand or machine scrub thoroughly using appropriate stripper pads or stripping brush
- Pick-up all of the solution with a clean mop, wet vac, or an automatic scrubber. Mop up any “tracks” left by wet vacs or automatic scrubbers before they dry.
- Thoroughly rinse floor with clear water
- Let floor completely dry before applying recommended Diversey brand floor sealer or finish

Bravo™ 1500+ UHS Floor Stripper meets the newest and most stringent VOC standards in North America, including those adopted by the California Air Resources Board (CARB)
